M&E outcome:

(M&E results and most notable remarks)

Lessons learned:

- 1-Length of the project is important; the project time was too short given the number of activities conducted by Jurists without chains
- 2- Increase the awareness in the Libyan society of the importance of women political participation in Libyan political system.
- 3-Make sure all women social levels will participate in the political process in Libya.
- 4-Change the typical Libyan picture of the women role in the society and confine them the women can lead plan and build new Libya.

Recommendations

- 1.Expedited the , to hold more courses for the political academy in different cities and regions of Libya until the experiment is spread throughout Libya
2. working closely with women's organizations and coordinate with various women's organizations to support women as a lobbying group and to participate in the upcoming elections.
- 3.Direct the media outlets to raise the importance of women's political participation.

Other comments:

: Thank you for trainers and more on their hands and thank them very much we have put me on the first

Policy Thank you for the first time attend a specialized course we have made me change my a conceptual framework on the policy

: excellent performance and refined with all honesty.

: good performance features the flexibility to put the updated practically smooth

- ☐ : Thank you have gained new knowledge of its kind.
- ☐ political field, new and modern and have not practiced the policy a good
- ☐ :I have generally benefited in learning has broken the red tape and simplify the content and exchange of experiences between trainers and trainees in a climate of debate and dialog and
- ☐ also enclosing a link to the views of the women participants the session

Attendance sheet:

On the morning of Saturday, 18/11/2017 A rights organization without restrictions began implementing its training program for the Political Academy for Women (Leaders) in the presence of all the trainers and trainees. The program was inaugurated by the Chairman of the Board, **Nisreen Amer**, who welcomed the participants and introduced the trainers and the training program. And wish them success and benefit from this training program.

After the opening speech, the questionnaire was distributed to the participants to fill in the information available to them about the concept and tribal evaluation accordingly.

First Day :

The lecture started by **Ambassador Fathi Mudeich** on the concept of politics by asking the participants in the training program .. What is the policy? After the answers of the participants with different information he defined the concept of policy .. How to make a decision .. The relationship between the ruling and the governed .. The power of decision .. Implementation of

the resolution .. The lecture included several questions and comments and additions from the participants in the training program.

And followed by **Professor Fatima Al-Aaib** to provide an idea of good appearance and hospitality where she gave the idea of symbols of dress and impressions that accompany the effects and reflection on the personality of the Professional woman .. She explained that the clothes worn by the person reflects the identity of the state that represents .. She stressed the need to wear clothes that suit every political occasion Or social or functional and age, Also , to stay away from the out flashing outfits that will draw more attention, and stay away from wearing jewelry during political work, although it must be a real for example not to wear large and dangle earrings, and not to wear any kind of accessories except marriage ring . She explained Further , it preferred to wear simple shoes with medium heels without the need for a high heel and be closed from the front and do not show the toes ... because it reflects their ability to be more confident in order to be great and helps them pass several resolutions and observations for their country without simple glamor, elegance and intelligence.

Mr. Al Malki started his lecture on smart reading techniques according to the new scientific method, which was made available to us by successive inventions of smart and high speed devices. He stressed that reading is a passion that can be achieved by practice, Different social communication, reading and interpreting various publications and commentary on a daily basis. The training day concluded by **Mr. Ali Ahmed Salem** in the art of Arabic language and speech presentation of the idea that the Arabic language has vocabulary that can accommodate what is happening in the world now .. Even after a hundred years is coming .. And focus on the mechanism of speech and harmony of the movement of exhalation and passion

Second Day :

The training day was opened by **Mr. Ali Ahmed Salem**, who explained the importance of focusing on the Arabic language in terms of writing, and giving statements and speeches in a formal or informal manner, as well as when browsing the various social media means, whether writing a publication or comments and correctly completing the sentence in order to make sense and communicate information Correct the words and letters, and learn the letters of the sun and moon in Arabic to simplify the meaning to reach the correct pronunciation of the sentences or the total sentences or speech, and reviewed a short speech to trainees and gave The trainee time to deliver this speech and read it to all, as he added some of the texts selected and how to read them correctly.

He then explained the meaning of semiotics in the organization of things and creations for human understanding and that reading should be practiced daily, such as sports and explained that semiotics means the production of meaning.

The training day was completed by **Ambassador Fathi Mudeish** that subject of the state with a strong and clear policy can offer its country development and the rich state and its policy is fraught with collapse of its values and positions. Political culture increases the capacity and expertise of the politician and develops himself and his experience. Political corruption exploits positions or power in his personal gains. Negatively affect the political process.

He gave a historical account of the concept of political activity and its history in ancient civilizations such as the Greeks and Romans and after the emergence of the Islamic culture , which emerged in Europe in the fourteenth century, and the first agreements that show diplomatic work in the world is a convention in Vienna.

He explained that the embassy is interested in political work and related to it, and that the consulate is interested in service work from personal and other conditions, and that the embassy is the mediator between the state and the neighboring or remote countries. He gave an idea of the protocols in the formal procedures of the shape of the flag and its size, Placed inside or outside the embassy .

Third Day :

Dr. Farah Al-Sharif briefed on the general appearance of the form and provided a quick reading about the most important cosmetics from the technical and medical aspects and gave a number of procedures that must be followed in terms of the external shape of the face and hair and clothing in the events and meetings and official and political to be appropriate and acceptable and conducted a practical experience during the lecture to The trainees benefit from and take them into consideration.

Mr. Al Malki completed his lectures on analyzing speech, conducting letters and participations with trainees and discussing them through an applied workshop. How to write between thrill and possessing value. Speech instincts respond to our physiological requirements and good listening to the speaker can reach the keys to other subjects.

Ambassador Fathi Mudeish also completed his lectures on politics, protocol and diplomatic etiquette and gave a number of rules to be followed in the political work in various fields including international compliments of congratulations, condolences, exchanging gifts, and how to deal with VIPs in terms of reception, also how to address them formerly , for example , Prime Minister, His Excellency the Minister, His Excellency the Ambassador and other names.

Mr. Ali Ahmed Salem also completed his lectures in Arabic language and the art of diction as it is to present your project to the other with the most understanding - accuracy - and honesty, and gave an exercise in terms of pronunciation and exits of letters and breathing and standing between the sentences of the speech that result in decisions or results or recommendations or observations Through the provision of trainees different data and read them to everyone.

Fourth Day :

The training day was opened with a lecture in the Arabic language and the art of delivering a speech in the Arabic language, which includes composition, grammar, presentation, delay in words and pronunciation, and asking all trainees to read them one after the other while correcting mistakes in pronunciation and composition.

The training day continued in analyzing the speech by **Professor Mohammed Al-Malki** with the participation of trainees in the discussion, analyzing it directly and correcting the mistakes and modifying them.

In the evening, **Mr. Khaled Othman** and **Mr. Ali Al-Misrati** held a direct practical debate between the trainees by dividing them into two groups. The group consisted of a group against. The debate included several aspects, including the assumption of sovereign positions, as well as on private and public issues. Serious and official, scientific and professional and martyrdom leaders of various positions of sovereignty, and the chances of reciprocal response between the parties during the session, which is managed and organized by **Mr. Khalid Othman** and was dominated by interaction and exaggeration and defense between the parties.

Ambassador Fathi Mudeish began his lecture by stressing the importance of the word of the participant in any international meeting and that it is brief and includes the goal and the content to be reached. He explained that the word the less the lines are, the more the idea that he wants to connect to others. Sometimes the prolongation of the word is surprised to be stopped by the head of the session. Connect the idea.

Fifth Day :

Dr. Ali Ahmed Salem gave an Arabic poem where he distributed a paper copy to the trainees and asked them to read it respectively, taking into account the natural breathing process, citing yoga practice in order to read it well and pronounce the characters correctly. He explained that this poem is the art of throwing and expressing And then extract the audio clips that fit the subject to be presented in a dialogue or statement and even during the discussion, which is one of the technical means in the language of the address.

Ambassador Fathi Mudeish conducted practical training on how to implement the art of etiquette and the political protocol of the host country for this international session from the Department of Protocol at the Ministry of Foreign Affairs to provide service to heads of participating delegations and their assistants in accordance with internationally recognized technical techniques.

Where the title of this session was practical - the fight against terrorism - and the host country is Libya.., this session had the distribution of roles between the trainees you playing the role of the United Nations mission, the European Union and the African Union and the Arab League and neighboring countries border or sea Arab and African And the European experience and the seriousness of the trainees and their key notes , also showed their desire to participate in the political decision and the experience of political work at all levels of parliamentary and ministerial ministries and embassies .. The meeting was realistic in terms of diplomatic protocols, The session and the flags of participating countries and organizations and paintings bearing the name of each country and organization .. The session was proceeding in a natural manner according to the procedures in place in the world.

The purpose of this meeting was to develop the concepts of the foreign policy of the State that the speaker is obliged to carry out his assigned role and to represent his country in international forums in a professional way and professional manner.

In the evening session of the training program, the member of the House of Representatives, **Dr. Sultana Al-Mesmari**, reviewed her parliamentary political experience, the stages she has experienced since her inception and the idea of entering into political work the difficulties she faced in this political experiment and supporters in this experiment.

Dr. Haniya al-Qamati a former minister in the Executive Office, who had a political experience in difficult circumstances and a transitional period in the country's policy and armed clashes. She also explained the stages that she experienced during her time at the Ministry of Social Affairs, the difficulties she faced and how to overcome them. And the circumstances of that period.

The training program was ended with a joyous celebration of the results and the positive results of the trainees, trainers and the benefit they received during the course of the training program. This is evidenced through the interventions of trainers and trainees and expressing their thanks and appreciation to the rights organization without restrictions and organizers of this intensive and successful program. In this area .

At the end, the teachers ,trainers and the organizing team of the program distribute certificates of participation to the trainees.

A rights organization without restrictions
